Users & Groups :-

- Groups :
 - cs
 - tomcat
- Users :
 - tomcat
- User in group cs : tomcat

Ownership & Permissions :-

- Default Permissions
 - 744
- Default Ownership
 - tomcat:tomcat

Directories & Locations :-

- User Home Directory
 - /opt/cs/tomcat
- Installation Directory :
 - /opt/cs/tomcat/cs_IWP
- Backup Directory
 - /opt/cs/backups
- Data Backup Directory
 - /opt/cs/backups/data
- Logs backup Directory
 - /opt/cs/backups/logs
- temp_backup
 - /opt/cs/temp_backup
- Permission Of Temp Directory
 - 774
- Ownership Of Temp Directory
 - root:cs
- 3rd Party Applications
 - /opt/cs/3rd_Party_Applications

Start & Stop Application :-

- Start Application
 - \$InstallationDirectory/apache-tomcat-9.0.0.M15/bin/startup.sh
- Stop Application
 - \$InstallationDirectory/apache-tomcat-9.0.0.M15/bin/shutdown.sh

Check Status :-

- Browser
 - <https://10.68.20.32:8443/edeka> (with https)
 - <http://10.68.20.32:8080/edeka> (without https)
- Service Name
 - `ps -aux|grep tomcat`
- Port
 - `netstat -tulpn|grep 8443` (with https)
 - `netstat -tulpn|grep 8080` (without https)
- ISILON
 - INSECURE : `curl --insecure -H "X-Auth-User: iwp_t:iwp_user_t" -H "X-Auth-Key:edekaiwp#2016" -v https://az8.mi.edeka.net:8083/auth/v1.0 -X GET`
